|------------------------------------|---|
| 1.Brush or Brushless motor | = Brushed permanent magnet motor |
| 2 Copper or aluminium winding | = copper winding |
| 3. body and wings material | = ABS plastic body, Front grill MS & wings Aluminum |
| 4. Exact wattage of DC fans | = 18 watts |
| 5. Are all these 12V DC fans? | = Yes it is 12VDC (provision is there to run on
AC230volts as well). |
| 6. Warranty details of ur products | = one year |

12 VOLTS DC TABLE FAN

OPERATING VOLATAGE = 12 VOLTS DC

BODY = PLASTIC

FRONT GRILL = MILD STEEL POWDER COATED.

CONSUMPTION = 15 WATTS.

PRICE = 490/-

- 1.Brush or Brushless motor = Brushed permanent magnet motor
- 2 Copper or aluminium winding = copper winding
3. body and wings material = ABS plastic body,grill MS & wings plastic
4. Exact wattage of DC fans = 15 watts
5. Are all these 12V DC fans? = Yes it is 12VDC (provision is there to run on AC230volts as well).
6. Warranty details of ur products = one year

SOLAR 9" TABLE FAN

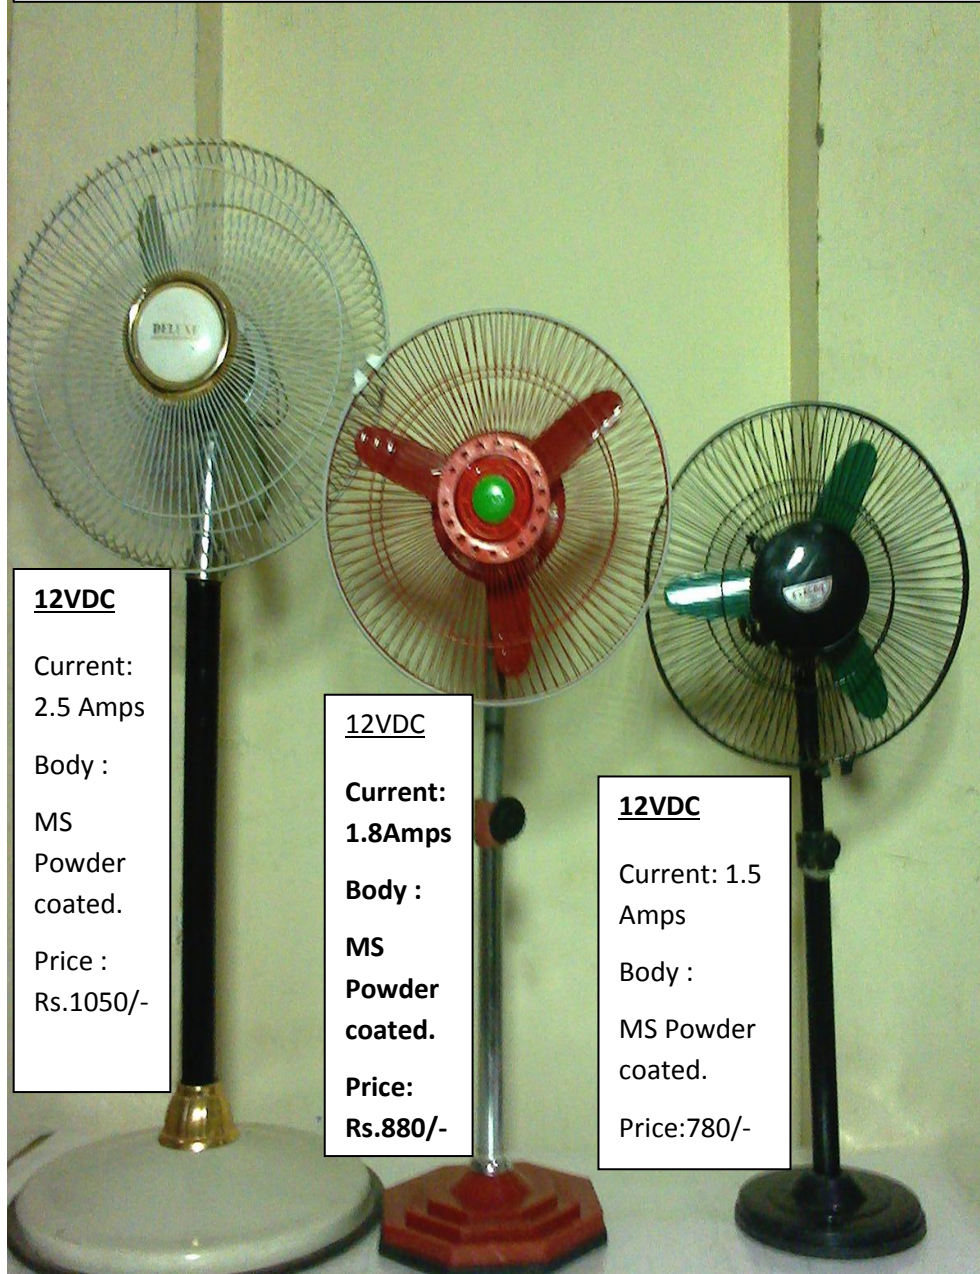

Operating voltage 6 volts DC or 12Volts DC, (two models)

Consumption 5 watts and 8, Body :ABS Plastic ad MS Grill. Price :Rs.430/-
6Volt inbuilt battery provision optional (cost extra).

SOLAR POWERED (12VDC) STAND/PEDESTAL FAN

12VDC

Current:
2.5 Amps

Body :

MS
Powder
coated.

Price :
Rs.1050/-

12VDC

Current:
1.8Amps

Body :

MS
Powder
coated.

Price:
Rs.880/-

12VDC

Current: 1.5
Amps

Body :

MS Powder
coated.

Price:780/-

- 1.Brush or Brushless motor = Brushed permanent magnet motor
- 2 Copper or aluminium winding = copper winding
3. body and wings material = MS & wings Sheet metal or Al.
4. Exact wattage of DC fans = 18 to 24 watts
5. Are all these 12V DC fans? = 12VDC (provision is there to run AC230volts as well).
6. Warranty details of ur products = one year

DC
STAND
FAN

(CODE –
SR-DSF)

SOLAR STAD FAN (12vdc)

Consumption = 12 watts

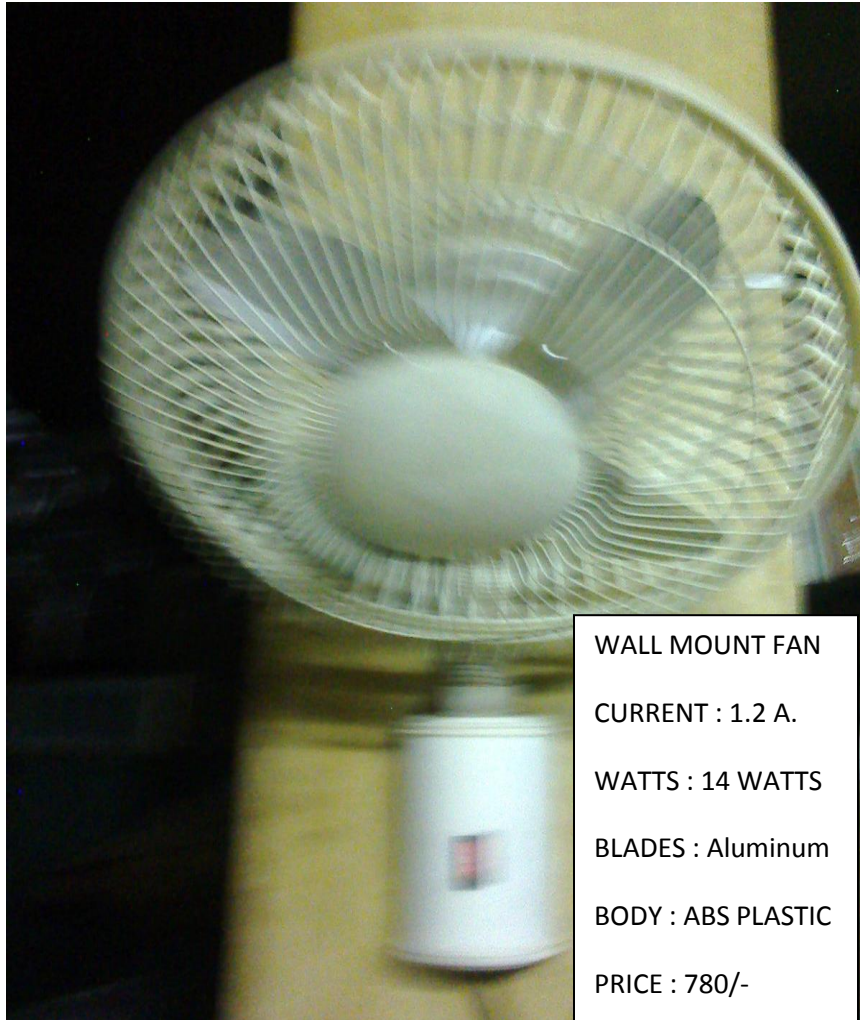

(can be in 10 watts also)

Body = Sheet metal and Plastic and
Power Coated

Grill = Mild Steel

Dealers Price = Rs. 490/- (with sheet
metal bas).

- 1.Brush or Brushless motor = Brushed permanent magnet motor
- 2 Copper or aluminium winding = copper winding
3. body and wings material = MS/Sheet metal,grill MS/plastic & wings
plastic
4. Exact wattage of DC fans = 12 to 15 watts
5. Are all these 12V DC fans? = 12VDC (provision is there to run
AC230volts as well).
6. Warranty details of ur products = one year

WALL MOUNT FAN

CURRENT : 1.2 A.

WATTS : 14 WATTS

BLADES : Aluminum

BODY : ABS PLASTIC

PRICE : 780/-

- 1.Brush or Brushless motor = Brushed permanent magnet motor
- 2 Copper or aluminium winding = copper winding
3. body and wings material = ABS plastic body,grill MS & wings Aluminum
4. Exact wattage of DC fans = 14 watts
5. Are all these 12V DC fans? = 6Volts and 12VDC (provision is there to run AC230volts as well).
6. Warranty details of ur products = one year

WALL MOUNT
FAN

CURRENT : 1.2 A.

WATTS : 14
WATTS

BLADES & BODY :
ABS PLASTIC

PRICE : 560/-

SOLAR EXHAUST FAN

Exhaust fan (two model) – 12VDC. Body : Sheet Metal. Blades : MS/Plastic.

Consumption : 2Amps & 2.5Amps.

Price : Rs.780/- & Rs. 1080/-
